TENA® Solutions

TENA® Solutions is a needs assessment that directly focuses on target areas such as resident specific care, personal hygiene, skin health and product selection with improved cost and use outcomes. The program consists of an in home management system that includes staff education, individualized resident focus on product selection to ensure optimal level of independence and a stocking and distribution system to ensure proper clinical outcomes and optimal cost and use.

TENA Portraits™

TENA Portraits™ is a resident focused product selection tool that factors in the MDS assessment and resident and staff feedback to select the most appropriate incontinence product for each resident. This tool will allow you to properly select a product for each current and new resident that comes to your facility to ensure highest level of function. Additionally this will help with streamlining your ordering by allowing product selection to be easy.

TENA® QAPI

Recognizing the root cause of a performance issue and where to begin a QAPI project can be the most challenging part. With TENA® QAPI, our team will guide you through the process with a multidisciplinary approach to individualized resident care, while building communication between facility team members and the resident and family. TENA® QAPI delivers Performance Improvement Projects (PIPs) that focus on proper incontinence care and personal hygiene to allow each resident to live at their highest level of function by consistently delivering proactive care.

TENA® Education

For over 25 years, our dedicated Clinical Representatives have been providing customized service support and practical tips to assist facilities and their care staff.

TENA® Flex™

EAS-I-SELECT™ GUIDE: Color of stripe indicates size and the number of drops indicates absorbency level.

AVAILABLE IN SIZE 20

Designed for larger individuals needing moderate to heavy bladder control protection.

AVAILABLE IN TWO ABSORBENCY LEVELS:

- Super for moderate to heavy bladder and/or bowel incontinence
- Maxi for maximum protection, nighttime or extended wear protection

Fully breathable one piece belted brief style promotes less heat build-up against the skin, to help promote overall skin health for those with moderate to heavy incontinence.

FEATURES

- **EXTRA WIDE COMFISTRETCH™ BELT**
New gray color is more clothing-like for greater comfort & dignity. Conforms to the body's natural contours and movements ensuring a snug, more comfortable, body-close fit. Soft, airy, non-irritating belt material has hook and loop fastening. Extra wide belt and center hook minimize product roll-over to maximize wearer comfort.
- **FLEXIBLE ELASTIC BANDS**
Added on the belt for increased ease of movement against the body.
- **INSTADRI SKIN-CARING SYSTEM™**
Improves surface dryness, promoting healthier skin.
- **ABSORBENT CORE**
Thin for better fit, comfort and discretion. Wide in the back for increased coverage.
- **ALL AROUND AIR CIRCULATION SKIN-CARING® BACKCOVER**
Combines skin-friendly textile covering and breathable Air Dry Layer™ which allows liquid and odors to stay in while allowing water vapor to escape.

Imprinted with visual application instructions to make it easier for staff to apply the product.
